## Ohio Valley Conference

The idea of forming the Ohio Valley Conference originated in 1941, but could not be implemented until after World War II. In 1948, five schools—Morehead State, Murray State, Western Kentucky, Eastern Kentucky and Louisville—withdrawed from the Kentucky Intercollegiate Athletic Conference and were joined by Evansville in forming the original membership of the OVC. They were joined shortly thereafter by Tennessee Tech and Marshall.

The membership has changed somewhat over the years. Middle Tennessee joined the league in 1952, East Tennessee in 1957 and Austin Peay in 1962. The trio of schools replaced Louisville, which became an independent in 1949, and Marshall and Evansville, which departed in 1952.

East Tennessee withdrew in 1978 making room for Akron and Youngstown State. Western Kentucky left the league in 1982. Akron also departed the OVC in 1986 with YSU leaving after the 1987 athletic season. Tennessee State joined the league in 1988. The OVC Presidents admitted Southeast Missouri State in August, 1991, and Tennessee-Martin in August, 1992.

In 1955, the NCAA formally recognized the OVC as a major basketball conference, awarding the league champion an automatic bid to the NCAA post-season tournament. At that time, the OVC was only the second six-team conference to obtain major status from the NCAA.

For many years the OVC has been represented in the nation's top holiday and post-season basketball tournaments. The OVC has achieved national recognition for its football program placing representatives in a number of post-season bowl games. The OVC has achieved national recognition in NCAA Division I-AA football with a national championship and two runner-up positions during its existence.

OVC champions have also been prominent on the national scene in baseball, riflery, tennis, track, golf and cross country.

Dan Beebe is commissioner of the OVC. He is the OVC's fifth commissioner, following Art Guepe (1963-75), Paul Dietzel (1975-76), Bob Vanatta (1976-79), and Jim Delany (1979-89).

## Morehead State University

### The University

Historically, Morehead State University traces its lineage to the Morehead Normal School which opened its doors in 1887. Since its founding as a state institution in 1922, MSU has grown from a teachers college to a regional university that serves Kentucky and Appalachia. Until university status was granted in 1966, the institution's primary mission was the training of teachers. However, the curriculum now embraces nearly 140 academic programs on the associate, baccalaureate, and graduate levels. Physically, the University consists of more than fifty major structures valued at more than \$110 million. There are more than 36,000 MSU alumni. Administratively, the University operates under an 11-member Board of Regents that consists of eight citizens appointed by the governor of Kentucky, with three other seats held by elected faculty, staff and student representatives. The administrative structure covers primarily four areas: academic affairs, administration and fiscal services, student life, and university advancement. Each of these units is headed by a vice president.

There are approximately 8,900 men and women enrolled at Morehead State University, of whom nearly 7,300 are undergraduates. The University recognizes more than 100 student organizations, including 20 nationally chartered fraternities and sororities, and sponsors a full program of intercollegiate and intramural athletics for men and women. MSU is basically a residential campus and has fifteen residence halls. About 87 percent of its student body are Kentuckians. Graced by a large lake, the campus sits in the foothills of the Daniel Boone National Forest. Among the University's facilities are an experimental farm and a nine-hole golf course.

### Location

The University is located near the main shopping area of Morehead, a city of about 12,000 people that lies midway between Ashland, Kentucky, and Lexington, Kentucky, on Interstate 64. Commercial airline service is available in Lexington and Huntington, West Virginia, which is also on the I-64 corridor. Nearby recreational areas are Cave Run Lake and Rodburn Park, owned by the U.S. Forest Service. Three Kentucky state parks—Natural Bridge, Carter Caves, and Greenbo Lake—are within an hour's drive. The city of Morehead is served by a 170-bed hospital and functions as the medical, educational, cultural, and commercial center of northeastern Kentucky.

Gilliam, a native of Prestonsburg, is married to the former Melissa Childs of Fairfield, Ohio. They have a daughter, Caitlin Nicole.

### **Pete Lee** **Offensive Line and** **Strength Coach**

Pete Lee brings a touch of the Ivy League to the Morehead State football staff, in this his first season with the Eagles. He will coach the offensive line and serve as strength coach.

A former standout offensive lineman at Cornell, he comes to MSU from West Chester University where he had served on the staff since 1988. After one season directing West Chester's defensive line, he served as offensive line coach since 1989.

After earning a bachelor's degree from Cornell in 1985, he served two seasons there as freshman defensive line coach. Given the stereotypes associated with offensive lineman and their eating habits, it is ironic that Lee's Cornell degree was in agriculture and life sciences with an emphasis in food science. Eagle lineman should welcome their new position coach with open arms.

Lee is a native of Salamanca, N.Y., and was an all-stater at Salamanca City Central High School.

### **Pat Akos** **Graduate Assistant** **Receivers and Academics**

Pat Akos, a two-time All-Southeastern Conference tight end at Vanderbilt, is in his first season as a graduate assistant coach on the Morehead State football staff.

A native of Parma, Ohio, he earned All-SEC honors in 1991 and 1992. He was also honorable mention All-America in 1992. He signed with the Buffalo Bills and attended training camp in 1993.

Akos earned a bachelor's degree in secondary education and human development from Vanderbilt in 1993.

### **Dennis Flanagan** **Linebackers**

Dennis Flanagan, a native of Prestonsburg, Ky., is in his first season on the Morehead State football staff. He will assist with Eagle linebackers while working on an undergraduate degree in physical education.

Flanagan graduated from Prestonsburg High School in 1982, then spent four years in the United States Air Force. Since 1988, he has assisted with middle and high school football programs in Prestonsburg.

He is married to Linda Lenox Flanagan of Prestonsburg.

## OVC Adopts League-Wide Sportsmanship Policy at Summer Meetings

The Ohio Valley Conference has developed and adopted a landmark sportsmanship policy that it hopes will set the standard by which players, coaches, officials and fans conduct themselves during intercollegiate athletic events.

The sportsmanship statement, which was passed unanimously by the league's nine presidents during the OVC summer meetings, will strive to create hospitable environments for athletic competition and to dispel the notion that taunting, baiting and fighting are acceptable parts of sports.

"We believe this sportsmanship statement is the first of its kind in intercollegiate athletics and shows the OVC's

commitment to proper conduct and fair play," OVC Commissioner Dan Beebe said. "The presidents and other league administrators understand that there is a risk in taking this leadership role and in trying to change the unfortunate acceptance of unsporting behavior in this nation's sports culture, particularly in the professional sports.

"A primary function of higher education is to strive for high ideals and teach ethical conduct, and we believe the implementation of this statement is in accordance with that responsibility.

# OVC Sportsmanship Statement

**General.** The Ohio Valley Conference is committed to establishing sportsmanship and developing healthy environments for competition. This conference wants to lead the way in abolishing the notion that it is desirable to create a "hostile" environment for intercollegiate athletic contests. Instead, we will strive to create "hospitable" environments. We believe that part of the role of education through sports is to teach our youth and our communities to conduct themselves with sportsmanship and respect for opponents.

In an effort to achieve this goal, the Conference has developed this statement which outlines the expectations of the various groups and individuals associated with our intercollegiate athletics programs.

**Administrators.** It is incumbent upon institutional administrators to create an environment of hospitality for visiting teams, particularly for those individuals at Conference institutions. OVC administrators must develop the attitude that the treatment of a visiting team and its fans will be in the same manner that they would want their teams to be treated.

The athletics director at the host institution must ensure that he or she, or someone else designated as game manager, approaches the coach of the opposing team at a spectator event in order to welcome that coach to the institution, provide an opportunity for the coach to address any concerns, indicate the location of the game manager in the arena or stadium and identify security personnel present for the contest. The athletics director should educate security personnel to ensure that the visiting team is protected from abuse from the home crowd and that security is in very close proximity to the visiting team's bench. Each institution must arrange its seating at spectator events so as to emphasize sportsmanship and minimize the harassment of the visiting team and its fans.

The athletics director must ensure that those who are employed by the university treat the opponents with fairness and respect. For example, public address announcers must be required to announce the contest in an even-handed manner with equal excitement for both teams. The institution's chief executive officer and athletics director should review periodically with other athletics department staff members, coaches, student-athletes and spirit groups (cheerleaders and bands) precisely what is acceptable conduct, as set forth in this document.

**Coaches.** Coaches have the greatest amount of influence over whether the young people in their programs are taught and follow the high principles of sportsmanship. The OVC has been benefited by coaches who have risked losing a contest by removing student-athletes who have demonstrated disrespect for the opponents. This discipline measure educates that individual and his or her teammates about the importance of sportsmanship over participation and winning. This type of attitude and courage must be adopted by all OVC coaches. Administrators and coaches must pay special attention to their student-athletes' behavior and continually emphasize the need for sportsmanship and respect. Such education is needed to counteract the constant messages received by our young people from many professional athletes and others who demonstrate a lack of respect for opponents. This Conference and its coaches are committed to teach messages that are appropriate about sportsmanship.

Coaches also have the ability to influence the behavior of their fans. OVC coaches must take every opportunity when addressing the media, booster groups or other public forums to express the desire for fans to support their team at home contests, but not to abuse the visiting team. Coaches and administrators should stress that the participants in our athletics contests are young people who do not deserve to be mistreated by a hostile crowd.

**Student-Athletes.** Respect for the game in which the student-athlete participates also demands respect for the opponent. Student-athletes at OVC institutions are expected to treat opponents with sportsmanship. There can be no tolerance for taunting and baiting of opponents.

OVC student-athletes must understand that they are perhaps the most visible representatives of their institutions. Also, their behavior is observed

and emulated by many who are younger. OVC student-athletes must honor the responsibilities that accompany the privilege of representing our schools by behaving with dignity and class on and off the field.

**Spirit Groups.** Like our student-athletes, these groups are visible representatives of our universities. As such, we place high expectations on them for decent behavior. Cheerleaders, bands and other spirit groups are admitted to contests at the pleasure of our institutions to support their teams and assist in creating a fun atmosphere. They are not admitted in order to disrupt or confront the opponent and such behavior will not be tolerated. Their focus must be toward encouragement of their team and respect for the opposing team.

**Officials.** Officials who are assigned Conference contests must enforce the rules regarding sportsmanship, without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties (consequences), not warnings, must be assessed for violations of unsportsmanlike conduct. Similar to the baseball policy of ejecting coaches for arguing balls and strikes, the Conference will require that officials eject any coach who protests unsportsmanlike conduct calls, provided such ejection is permissible by the rules of that sport.

Each official assigned by the OVC will be provided a card with the following statement which must be read to the captains and coaches of every contest prior to the beginning of the game: "The OVC requires officials to enforce all rules regarding unsportsmanlike conduct by coaches and players. There will not be any tolerance for negative statements or actions between opposing players, especially taunting and baiting. If such comments are heard, a penalty will be assessed immediately. If any coach protests an unsportsmanlike penalty, he or she will be ejected from the contest. We have been instructed not to issue warnings during the contests. It is strongly suggested that you remind your participants of this policy." Officials who do not follow this policy will be subject to suspension.

**Commissioner.** The commissioner is expected to enforce the unsportsmanlike conduct rules of the game and the Conference. He or she is authorized to assess penalties for improper behavior that is not detected or properly addressed during the contest. Institutions and their personnel are expected to fully cooperate with his or her effort to investigate possible improper behavior.

In the unfortunate event that an altercation occurs during a contest, all individuals who are on the bench are expected to remain there. It is incumbent upon the head coach to ensure that this occurs. The commissioner is directed to suspend automatically the head coach of a team whose bench personnel enter the field or court of play during an altercation, regardless of whether those individuals become involved in the altercation.

**Fans.** The Conference hopes and believes that the establishment of the principles outlined in this document will create a wholesome atmosphere that will attract more fans to our events. The fans attending our games must be reminded by the public address announcer of the expectation of sportsmanship and respect for both opponents. Fans should be encouraged to applaud the effort by both institutions, even while supporting their own. They should be reminded that the participants are young people who should be treated as if they were their own sons and daughters.

We expect that all fans will act in an appropriate manner, and respect the opposition and the officials. We understand that occasionally there are individuals who attend games and abuse the opposition and officials. Those individuals may be dismissed from athletic events.

**Concluding Statement.** The Conference believes that the effort to meet the expectations outlined in this document will increase the attractiveness at our athletic events by creating a healthy environment for our competition.
